MY MINISTRY

MINISTRY DESCRIPTION

Christi serves as the main elementary teacher for grades 1-5 at South American Mission Academy. She teaches language arts, math, social studies, science and art in a small, multi-grade classroom. Christi also helps out in the middle school and high school as needed. Christi teaches the missionary kids in a support role so parents can focus on their ministry tasks.

Christi will go to language school in summer 2008 in order to learn more Spanish, grow in her understanding of the Peruvian people and become more involved in her local church.
