## A message from Dr. Dennis Episcopo: William Carey

Known as the father of modern missions, William Carey spent 41 years serving as a missionary in India (without a furlough.) He lost his 5-year-old son to dysentery, and his wife suffered a nervous breakdown and battled mental illness until she passed away. Several years later his second wife died, as well as his oldest son. Through these tragedies Carey kept his passion for God and global outreach, translating the Bible into many languages and dialects. His motto was, “Expect great things from God; attempt great things for God.”
